# TSJ HOLDINGS LTD

## YR 2025 CORPORATE PROFILE

PRIVATE AND CONFIDENTIAL

# ABOUT US

*CONFIDENCE IN  
EVERY SHIPMENT,  
EVERY CONTRACT,  
EVERY PARTNERSHIP.*

TSJ Holding (“TSJ”) delivers more than energy and mineral commodities—we deliver **confidence, value, and long-term partnership.**

As a globally active **trading house**, we specialize in managing complex international supply chains across energy and minerals.

We connect refineries, miners, smelters, and industrial end-users through transparent sourcing, competitive pricing, and strong logistics. Our integrated service ensures timely delivery, reliable quality, and full regulatory compliance.

# COMPANY OVERVIEW

---

TSJ Holding is a global, reliability-driven trading company with expertise in energy and mineral markets. We operate with transparency, disciplined risk controls, and strong partnerships across Asia, the Middle East, Europe, and the Americas.

We combine market intelligence, diversified sourcing, financial stability, and logistics excellence. This integrated model sets us apart from smaller traders and puts us closer to major international firms.

## **Core Strengths:**

- Diversified supply and technical transparency
- Strong financials and structured risk controls
- Precision in documentation, logistics, and compliance

# MANAGEMENT

- *DEEP EXPERIENCE IN FUELS AND MINERALS.*
- *PROVEN RECORD IN INDUSTRIAL AND ENERGY ASSETS.*
- *STRONG FOUNDATION IN FINANCE AND INVESTMENT.*
- *DIRECT MINING AND RESOURCE-DEVELOPMENT.*
- *CROSS-BORDER EXECUTION - KEY GLOBAL REGIONS.*
- *LEADERSHIP FOCUSED ON RISK & TRANSPARENCY.*

---

TSJ Holding is led by a management team with careers spanning energy, minerals, industrial operations, and institutional finance.

Together, we bring the trading, asset, and risk disciplines required for a modern fuels and minerals house. The team has managed industrial and energy assets including downstream fuel infrastructure, modular/mobile refining, midstream facilities, and ESG-oriented projects.

This provides a practical view of how assets are financed, built, and operated—and how that translates into reliable supply and realistic commercial terms.

Leadership combines hands-on resource experience in refined fuels, petrochemicals, metals, and minerals with institutional-grade finance and investment expertise.

We have executed transactions across Asia, the Middle East, North America, and Latin America, operating as a coordinated unit that aligns operations, finance, and market insight to support dependable, compliant trading.

---

---

# PRODUCT OVERVIEW

## Energy Trading (Petroleum Products)

TSJ trades a broad range of refined petroleum products from trusted refiners worldwide. We prioritize quality, competitive pricing, and dependable global logistics.

### Key Products:

- Crude Oil: Brent, WTI, and heavier grades
- Fuels: Gasoline, diesel, jet fuel, VLSFO, heating oil
- LPG: Propane, butane
- Residues: Fuel oil
- Petrochemicals: Naphtha, aromatics, ethylene

### Regional Refinery Resources:

- Republic of Korea
- Major Middle East Refineries
- Republic of Azerbaijan
- Republic of Kazakhstan
- Republic of Georgia

Our technical team ensures all products meet international specs. From sourcing to final delivery, we manage risk and maintain full traceability.

---

---

# PRODUCT OVERVIEW

## Minerals & Metals Trading

TSJ provides essential minerals and metals for manufacturing, construction, and advanced technologies. We partner directly with mines, processors, and smelters to guarantee reliable supply.

### Key Products:

- Ores: Iron ore, copper and concentrates
- Base Metals: Copper, and aluminum
- Precious Metals: Gold, and silver
- Industrial Minerals: Coal, and steel

Beyond trading, we offer logistics, storage and inventory solutions. Clients benefit from reduced working capital risk and supply stability.

---

---

# LOGISTICS & SUPPLY CHAIN

## *CAPABILITIES:*

- *VESSEL AND TERMINAL MANAGEMENT*
- *REAL-TIME TRACKING AND TRANSPARENT REPORTING*
- *REGULATORY AND CUSTOMS CONTROL*
- *STORAGE AND INLAND LOGISTICS*

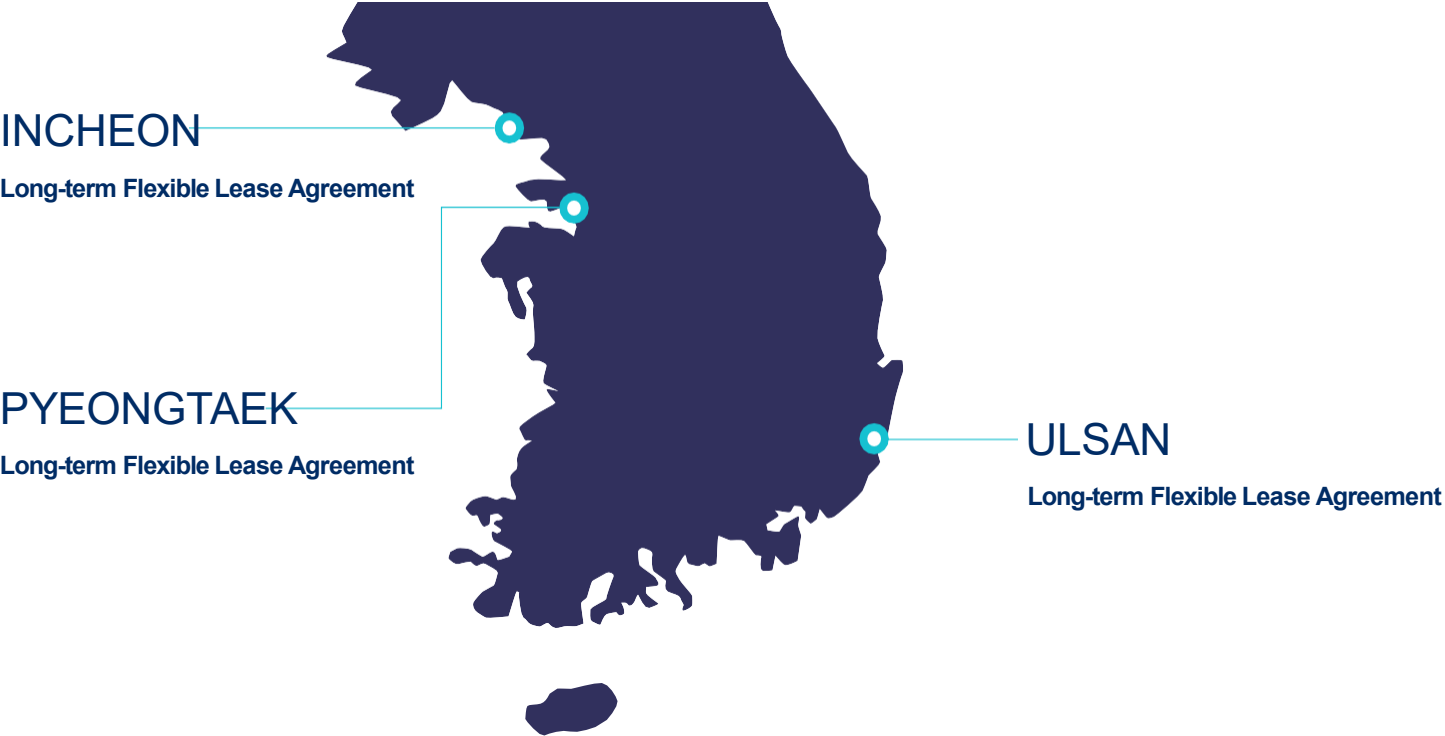

TSJ’s trading strength is powered by its logistics infrastructure. We manage cargo movement from origin to delivery through marine chartering, terminal operations, inspections, customs handling, and inland distribution.

Capabilities:

- Vessel and terminal management
- Real-time tracking and transparent reporting
- Regulatory and customs control
- Storage and inland logistics

These terminals provide blending flexibility, storage, and just-in-time delivery options.

**RISK  
MANAGEMENT &  
COMPLIANCE  
SUSTAINABILITY &  
GOVERNANCE**

---

---

## **TRUST BY DESIGN: HOW TSJ MANAGES RISK & COMPLIANCE**

TSJ enforces robust compliance and risk protocols aligned with global standards. Our framework ensures secure, lawful transactions and protects all counterparties.

### **Risk Controls:**

- KYC/KYB, AML, and sanctions screening
- Trade finance structuring
- Market risk hedging
- Credit evaluation
- Documentation and QA/QC

With proven financial strength and transparent operations, TSJ is a trusted partner for institutions and suppliers alike.

---

---

## RESPONSIBLE SOURCING, LONG-TERM STEWARDSHIP

TSJ is committed to ethical trading and responsible sourcing. We align with ESG standards and work only with partners that meet rigorous environmental and governance criteria.

Initiatives:

- Traceable sourcing
- Fuel-efficient logistics
- ESG-certified suppliers
- Support for sustainable mining
- Safe, compliant petroleum supply

Our leadership ensures accountability, ethical conduct, and long-term environmental stewardship.
